Atlan 2.0.x

Dräger acknowledges the importance of open source and the Open Source Community.

We make use of FOSS during the development as well as in our products. Open source software allows us to create better products and ultimately provide better service for our customers worldwide.

We would like to thank the following Open Source Projects:

OpenSSL 1.1.1n

Thanks!

We'd like to thank the following individuals and organizations who contribute to the OpenSSL project.

Akamai Technologies for providing free CDN and security services .

rsync.net for providing free backup storage.

Our current hosting is provided courtesy of SpaceNet AG.

The following organizations who contribute staff time to work on the project (alphabetically):

Akamai, Cryptsoft , Google, Oracle, Red Hat, Siemens, and Softing .

We further also thank all other developers of every Open Source Project included in this product.
